

Root Causes of Biodiversity Loss

An Analytical Approach

I. INTRODUCTION 1

Proximate Causes of Biodiversity Loss 2

Rational 3

Root Causes 5

II. METHODOLOGY 7

Methodological Issues:

Interdisciplinarity, Scale, and Linkages 8

General Frameworks 12

Global-Change Analysis 12

Political Ecology 13

Chains of Explanation 14

Understanding Local Responses 14

Constructing a Conceptual Model 15

Key Step 15

Assumptions 16

Data Issues 21

Quantitative Approaches 21

Data on Biodiversity 22

Qualitative Approaches 24

Example of a Conceptual Model 25

Step 1: Literature Review 25

Step 2: Development of a Conceptual Model 25

Step 3: Data Collection 26

Step 4: Revision of the Conceptual Model 28

A Suggested Framework 29

III. FRAMEWORK OF ROOT CAUSES 31

A. Demographic Change 31

- Reasons for Population Growth 31
- The Population Debate 32
- Resource Use and Population 33
 - Government and Population Pressures 35
- Population-Environment Models 35
- Cases 37

B. Inequality and Poverty 39

- Poverty and Marginality 39
 - Location of the Poor 39
 - Poverty-Degradation Linkage 40
 - Short-Term Views 40
 - Displacement and Resource Division 40
 - Ecological Marginalization 43
- Wealth and Inequality 47

C. Public Policies, Markets, and Politics:

- National Issues 49**
- Policy Failures 49
 - Agricultural and Colonization Policies 50
- Market Failures and Valuation 51
 - Valuing Biodiversity 52
 - Short-Term Views 54
- Politics: Underlying Causes of Policy and Market Failures 54
 - Allocation of Resources and Costs 55
 - Short-term Views 56
 - Breakdown of Traditional Institutions 58

D. Macroeconomic Policies and Structures: Linking

- National and International 61**
- Government Policies 62
- Macroeconomic Structures 63
- Linking Local Resource Use and International Structures 65
- Trade and Exchange Rates 65
 - Uniformity 66
 - Concentration 68
 - Volatility 68
- Markets and Biodiversity 68
- Weighing the Impacts 69

E. Social Change and Development Biases 71

- Culture and Biodiversity 71
- Development and Culture 72
- Traditional Cultures 74
- Development and Biodiversity Loss 75
- Efforts to Reconcile Development and Biodiversity Conservation 75
- Failings of the Development Model 77

CONCLUDING NOTES 79

DEFINITIONS OF KEY TERMS 80

BIBLIOGRAPHY 82

Boxes

- Box 1. Data Collection on Changing Resource Use 23
- Box 2. Population Expansion in the Petén 34
- Box 3. Poverty and Land Degradation in Bolivia 41
- Box 4. Smallholder Settlement
and Short-Term Approaches 46
- Box 5. *Forest Rights in Indonesia's Outer Islands* 53
- Box 6. Incorporating Natural Resource Values:
Cases from Thailand 57
- Box 7. Exchange Rates and Land Use in
Cameroon 64
- Box 8. Export Driven Production in Southern
Honduras 66
- Box 9. Indigenous Populations in the Ecuadorian
Amazon 73
- Box 10. Degradation of Common Property
Resources in Rajasthan, India 76
