

**GENERAL GUIDELINES
FOR THE DEVELOPMENT OF
THE PAN-EUROPEAN ECOLOGICAL NETWORK**

Nature and environment, No. 107

CONTENTS

Foreword	6
Summary	7
1. Introduction	11
1.1 The purpose of the Guidelines	12
1.2 The status of the Guidelines	12
1.3 The character of the Guidelines and their use	12
1.4 The relation between the Guidelines and other implementing actions	13
1.5 The focus of the Guidelines	13
1.6 The structure of the Guidelines	13
2. The objectives and characteristics of the Pan-European Ecological Network	14
2.1 Core areas	16
2.2 Corridors	18
2.3 Buffer zones	22
2.4 Further considerations	23
2.4.1 The scope for other land uses	23
2.4.2 Coastal and marine ecosystems	23
2.4.3 Improving the Pan-European Ecological Network: restoration areas	24
2.4.4 Managing the Pan-European Ecological Network	25
3. The process through which the Pan-European Ecological Network will be developed, implemented, evaluated and adapted	27
3.1 The implementation mechanism	27
3.2 Developing the implementing actions	30
3.2.1 Building on existing agreements and initiatives	30
3.2.2 Integrating ecological considerations into socio-economic sectors	30
3.2.3 Taking action at the most appropriate level	30
4. The relation between the Pan-European Ecological Network and other ecological networks in Europe	35
4.1 Developing improved criteria, methodologies and data	35
4.2 Improving coherence of conservation actions across Europe	35
4.3 Strengthening transboundary ecological coherence	36
4.4 Facilitating implementation	36
5. Ensuring compatibility between the Pan-European Ecological Network and other land uses	37
6. Information needs for developing and implementing the Pan-European Ecological Network	40
Glossary and abbreviations	43
Bibliography	45
Further information	47
Appendix 1. The states participating in the establishment of the Pan-European Ecological Network	49
Appendix 2. The Action Themes of the Pan-European Biological and Landscape Diversity Strategy	50
