GLOBAL OCEAN OBSERVING SYSTEM

Table of Contents

UNESCO Intergovernmental
Oceanographic Commission..... 1

The Global Ocean Observing System... 3

Carbon Flux, Carbon Chemistry
at Sea Surface..... 4

Coastal Ocean Observational Needs ... 6

Oceanographic Research Vessels..... 7

Hydrography 8

Sea-Level Monitoring..... 9

Argo Profiling Floats 10

Buoyancy-Driven Gliders..... 11

Surface Drifters..... 12

Moored Buoys 13

Deep Sea Moorings and Acoustic
Doppler Current Profilers..... 14

DART® Real-time Tsunami 15

Satellite Oceanography 16

Satellite Communications..... 18

Data Control, Storage,
and Dissemination 19

Ocean Process Modeling 20

Aircraft Oceanography 21

Sediment Traps..... 22

Continuous Plankton Recorder..... 24

Census for Marine Life DNA
Barcode of Life 25

Fisheries Management 26

Animal Oceanographers..... 27

Marine Animal Tagging..... 28
