THE POLITICAL ECONOMY OF MONETARY SOLIDARITY

UNDERSTANDING THE EURO EXPERIMENT

WALTRAUD SCHELKLE

OXFORD

Contents

<i>List of Figures</i>	xi
<i>List of Tables</i>	xiii
<i>List of Abbreviations</i>	xv
1. Introduction: Understanding the Euro Experiment	1
1.1 The Political-Economic Paradox of Diversity	1
1.1.1 Diversity as Opportunity and as Challenge	4
1.1.2 The Puzzle of Monetary Solidarity	7
1.1.3 Overcoming Collective Action Problems	9
1.2 The Economic Underpinning of Monetary Solidarity	12
1.2.1 Risks to Be Shared in Monetary Integration	13
1.2.2 Risk-Sharing Mechanisms	16
1.2.3 Monetary Solidarity as the Outcome of Institutional Evolution	17
1.2.4 The Non-Solution of Mainstream Economic Theory	19
1.3 Overview	22
Part I. Building Blocks	
2. The Political Economy of Monetary Solidarity	31
2.1 The Puzzle of Rational Cooperation	32
2.2 The By-Product Theory of Collective Action	37
2.2.1 Origins in the Logic of Collective Action	39
2.2.2 Governing a Commons	42
2.3 Political Market Failures	46
2.3.1 Externalities	47
2.3.2 Asymmetric Information	50
2.3.3 Lack of Commitment	52
2.3.4 Misperception	54
2.4 Forms of Risk Sharing	56
3. Economic Risk Sharing between States	61
3.1 The Idea of Risk Diversification	62

3.2	Sharing the Risk of Output Shocks between States	65
3.2.1	What Are the Main Channels of Risk Sharing between States?	66
3.2.2	How Much Do Various Channels Contribute to Risk Sharing?	71
3.2.3	Does Monetary Integration Lead to More Financial Risk Sharing?	74
3.2.4	What Have We Learnt?	75
3.3	From Channels to Interfaces of Risk Sharing	79
3.3.1	Negative Feedback Loops	81
3.3.2	Fiscal Backstops	82
3.3.3	Monetary-Financial Transmission	83
3.3.4	Variable Fiscal Multipliers	84
3.4	The Limitations of Financial Risk Sharing	84
	Appendix	87

Part II. Evolving Monetary Unions of Limited Risk Sharing

4.	A Short History of Risk Sharing in the US Monetary Union	91
4.1	The Relationship between Monetary and Political Integration	92
4.2	The Emerging Interfaces of Money, Banking, and Federal Public Finances	95
4.2.1	Alexander Hamilton's Plan for Central Risk Pooling	96

4.2.3	Panicking towards the New Deal	102
4.2.4	The Fiscal Underpinning of the Great Society	108
4.2.5	Deregulation and the Return of Financial Instability	110
4.3	The Political Economy of Monetary Solidarity in the US Dollar Area	112
4.3.1	The Interface of Public Finances and Banking	114
4.3.2	The Interface of Banking and Money	116
4.3.3	The Interface of Money and Public Finances	119
4.3.4	Comparative Political Economy	121
5.	The System of Limited Risk Sharing in the Euro Area	125
5.1	Currency Unification against the Odds	125
5.1.1	The Trauma of the 1992–3 Crisis	126
5.1.2	Joining the Risk Pool of a Hard-Currency Area	129
5.2	The Interfaces of Money, Banking, and State Budgets	135
5.2.1	The Set-Up of the Euro Area System	135
5.2.2	Elements of Risk Sharing before 2008	139
5.2.3	Exemptions from Monetary Solidarity	150

5.3 The Political Economy of Monetary Solidarity in the Euro Area	153
6. The Euro Area Crisis as a Stress Test for Monetary Solidarity	158
6.1 The Puzzling Crisis and Its Costly Management	159
6.1.1 Multiple Crises in One	159
6.1.2 Unprecedented Assistance in an Unprecedented Crisis	166
6.2 Explaining the Crisis of the Euro Area	174
6.2.1 Revenge of the Optimum Currency Area?	174
6.2.2 Incompatible Growth Regimes?	179
6.2.3 Incompleteness and Reversal of Risk Sharing?	185
6.3 Monetary Solidarity at Crossroads	196
Appendix: Drivers of Debt Accumulation before and after Troika Programs	197
7. Monetary Solidarity by Default and by Design	199
7.1 Changing Risk-Return Profiles through Integration	200
7.2 Reforms at the Interfaces of Risk Sharing in Response to Crisis	205
7.2.1 Early Interventions to Contain Fiscal Risk Sharing	206
7.2.2 Fiscal Capacity Building and Lending of Last Resort to Sovereigns	210
7.2.3 Banking Union and an Expanded ECB Mandate	217
7.3 Reforming the Governance of the Commons	223
 Part III. Solidarity in Action	
8. Social Solidarity through Labor Market Integration	229
8.1 Labor Mobility in a World of Welfare	230
8.2 The Social Right to Internal Migration in Two Monetary Unions	234
8.2.1 Territorial Access and Welfare Entitlements	235
8.2.2 Dualism in Labor Markets and Risk Sharing	241
8.3 Interstate Risk Sharing through Free Movement in a Monetary Union	251
8.3.1 Sharing the Risk of Economic Fluctuations?	252
8.3.2 Sharing the Risk of Income Divergence?	256
8.4 Free Movement and the Political Economy of Labor Market Integration	261
9. Monetary Solidarity in Financial Integration	266
9.1 The Political Challenge of a Payments System	268
9.2 Payments Systems of Two Monetary Unions	276

Contents

9.2.1 Payments Systems in Normal Times	276
9.2.2 Payments Systems in Extraordinary Times	279
9.3 The Beneficiaries of TARGET Insurance	284
9.3.1 Insurance against Sudden Stops of Trade Finance?	286
9.3.2 Insurance but also a Conduit for Capital Flight?	289
